

Dear all,

We are delighted to let you know that the recently founded platform “**Brain Cognition and Behaviour – The Netherlands**” (**BCB-NL**) will be hosting its first event. BCB-NL is an alliance between the Dutch associations and networks for research into brain, cognition and behavior. BCB-NL’s vision is to foster interdisciplinary research, knowledge exchange and collaboration to support science and society.

Participating Organizations

The following organizations are participating in BCB-NL: NWA route NeuroLabNL, Nederlandse Vereniging voor Neuropsychologie (NVN), Nederlandse Vereniging voor Psychonomie (NVP), Association for Researchers in Psychology and Health (ARPH), Nederlandse Vereniging voor Gedragsbiologie (NVG), Neurofederatie, Nederlandse vereniging voor Slaap – Waak Onderzoek (NSWO), Stress NL, Neurotech-NL, Cognition, Behavior and Evolution Network (CBEN) and Stichting Hersenstimulatie.

Save the date for the BCB-NL start event

BCB-NL organizes a BCB-NL start event on **November 4th 2020**, for which all members of all participating organizations are invited. More information will follow soon.

We look forward to celebrating the start of BCB-NL with you on November 4th and to keep you updated on activities of BCB-NL.

With best wishes,
